

CONTENTS

1. Results of 50% formic acid fumigation of honey bee hives [*Apis mellifera ligustica* (Hymenoptera: Apidae)] to control varroa mites (Acari: Varroidae) in brood combs in Florida, U.S.A. - J. W. AMRINE, JR., R. C. NOEL and D. WEBB.....99 - 109.

2. Description of a new species of *Phytoscutus* (Acari: Phytoseiidae) from Kyushu, Japan. - S. EHARA and H. KISHIMOTO111 - 113.

3. Description of five new species of eriophyid mites (Acari: Eriophyidae) from Guangxi, China. - S-G. WEI, D-W. LI and G-Q. WANG.....115 - 122.

4. A new species and a new record of eriophyid mites (Acari: Eriophyidae) from grasses in Austria. - A. SKORACKA and A. CZARNA.....123 - 128.

5. A new deutergynous eriophyid mite (Acari: Eriophyidae) from a semideciduous tree in southern Brazil. - C. H. W. FLECHTMANN and D. L. Q. SANTANA.....129 - 132.

6. A new species of *Eutarsopolipus* (Acari: Podapolipidae) from *Pterostichus luctuosus* Dejean (Coleoptera: Carabidae) from Michigan, U.S.A. - R. W. HUSBAND133 - 138.

7. A new species of *Dorsipes* (Acari: Podapolipidae), ectoparasite of *Pterostichus luctuosus* Dejean (Coleoptera: Carabidae), from Michigan, U.S.A. - R. W. HUSBAND and D. O. HUSBAND139 - 144.

8. First record of *Eustigmaeus jiangxiensis* Hu, Chen and Huang (Acari: Stigmaeidae) from France with a key to the European species of *Eustigmaeus* Berlese, 1910. - F. FARAJI, E. A. UECKERMANN and F. BAKKER.....145 - 151.

9. Stigmaeid mites associated with stored rice in northern Iran (Acari: Stigmaeidae). - J. NOEI, J. HAJIZADEH, L. SALEHI, H. OSTOVAN and F. FARAJI.....153 - 156.

10. *Tafreschichyzeria hessabyi* n. gen., n. sp. (Acari: Chyzeriidae) ectoparasitic on grasshoppers in Iran. - A. SABOORI and H. LAZARBONI.....157 - 161.

11. A new genus and species of Microtrombidiidae (Acari) from Yemen. - A. SABOORI, E. A. UECKERMANN and A. VAN HARTEN163 - 166.

12. *Unionicola (Coelaturicola) gledhilli* n. subgen., n. sp. (Acari: Unionicolidae) from freshwater mussels in Botswana and East Africa. - M. F. VIDRINE, Z. LÖTTER, J. G. VAN AS, A. E. BOGAN and M. BASTIAN-STANFORD.....167 - 171.

13. Dehydration tolerance of the Rocky Mountain wood tick, *Dermacentor andersoni* Stiles (Acari: Ixodidae), matches preference for a dry environment. - J. A. YODER, D. R. BUCHAN, N. F. FERRARI and J. L. TANK.....173 - 180.

14. Donald De Leon (1902-1966): A tribute on the fortieth anniversary of his death. - V. PRASAD.....181 - 184.

News185 - 191.

Index.....192.

Date of release - June 1, 2007.

Photo on cover page 1: A nymphal soil mite, *Eupterotegaeus* sp. (Acari: Cepheidae), collected during 2003 in pine tree litter, Colfax County, New Mexico, by Dr. Alex Mangini (amangini@fs.fed.us), USDA Forest Service, 2500 Shreveport Highway, Pineville, LA 71360, USA. Photo taken using a Nikon stereoscopic microscope with AutoMontage and enhanced with Adobe PhotoDelux.

Index and abstracts of IJA - These are published throughout the world by most well-known information services companies including, Thompson Scientific (Current Contents/ Agriculture, Biology, and Environmental Sciences, ISI Alerting Services and Science Citation Index Expanded), Biological Science Information Service/Biological Abstracts, CAB Abstracts, Cambridge Scientific Abstracts, Pest Directory database of ISPI (International Society for Pest Information), Zoological Records, All-Russian Institute of Scientific and Technical Information and Elsevier Bibliographic Services. In 2007, IJA entered its 33rd year of publication. The Impact Factor (IF) of IJA is: 0.529.

Photos (from top to bottom) - D. Webb, H. Kishimoto, S-G. Wei, D. L. Q. Santana, Z. Lötter, J. Noei, V. Prasad.
